INTERNSHIP EXPERIENCE

Full Stack Development Intern – MERN Stack | Digi Coder

Cert: Full Stack Development with MERN Stack

- Developed and deployed full-stack web applications using MERN Stack, enabling seamless frontend-backend communication via RESTful APIs.
- Implemented secure JWT Authentication and role-based authorization workflows, enhancing application security and access control.
- Designed MongoDB database schemas ensuring efficient CRUD Operations; collaborated on production-level projects following Git best practices, API Integration, and responsive UI design.

PROJECTS

E-Commerce Website (MERN Stack)

online-book-store-liart.vercel.app

MongoDB | Express.js | React.js | Node.js | JWT | Redux Toolkit | Razorpay | REST API

- Engineered a full-stack e-commerce platform with JWT Authentication, role-based authorization, and Admin Dashboard for managing products, orders, and inventory in real time.
- Integrated Razorpay Payment Gateway; implemented Shopping Cart and Order Management with complete CRUD Operations via REST APIs and global state via Redux Toolkit.
- Architected scalable MongoDB schemas with Mongoose and delivered fully responsive, cross-browser compatible UI.

Developer Portfolio
